## Time & Community: Durations: non-linear Multiple temporalities and Time-bound vs. timeless Temporal Social time: Transtemporal data? Timeless/time scarcity their interpretive demands health symbolism of 'we' Coding/quantifying as importing general/ or 'me' time? universal quality that allows data to 'travel' an affinity map of key themes conceptualisations Personal time vs livable **MULTIPLE TIMES** social time &how ORGANISATION they intersect IVED TIME How we conceptualise different Dynamics of moving or passing? Temporal scales temporal orders &how they intersect Natural time - is there such a thing? inter-sections Experience of... - how do they fit with Nature - community (how spatial metaphors impact on of multiple spatial scales? The ways communities are our understanding of multiple times) times shaped & framed by EARTH PROCESSES Do disasters necessarily lead to either distanciation or cohesion (stay with the earth) amongst communities? The disaster (e.g. earthquake) as part of the community Does a public always ABRUPT CHANGE risks Is time inside or take on issues that can be resolved? outside our stories? Capitalism Are there animal 'communities' -taking away time? Do publics ever argue (animal times?) Aesthetics of time Is the 'public' constituted nostalgia The body, how it Who gets the authority to **PUBLIC** - flavour, tastes, signs over the washing up? in the act of being addressed? mediates Intersection of unsettle narratives or to 'fix' (can a public speak? Or doe it Time as socially Can disasters bring together manifests time different temporalities community identity? then become a republic?) What do we mean by public? constructed concept **EXPERIENCE** communities across What do we gain by (western idea?) Are the communities emergent in class/social divisions/inequalities Experiential & Distinctions between types of community: distinguishing them? crises the communities of our for the long vs. short term?) symbolic: how do they -a kind of gesture, humanity, compassion Multiple experiences of time What is the relationship everyday belonging? map/intersect? How do they What is the - identity, belonging **EMERGENCY** relate to the private? difference Are there other critical (political, How to people experience Why do they bother? between these? CRITIQUE OF the intersections between economic, policty, social) drivers Can you have community different rhythms of time? that affect community growth, Publicness & without episteme? If emergency is a specific temporality change &development (apart from COMMUNITY legitimacy of exception how do we think about earth processes?) Interpersonal dynamics What is community? perpetual 'STATES OF EMERGENCY' What is the relationship between & communities: destroying (terrorism, poverty, state intervention) CLASS GENDER **SEXUALITY** online/embodied communities? ourselves within RELIGION Distinction between Experience of time/events **RACE** oppressed contexts communal/social being (social ontology) HAT IS MISSING? e.g. photographs &discrete communities Inclusion & exclusion Why dont' we work with - real or imagined Imagined communities DISABILITY & imagined origins more communities? **HISTORY** Community & **METAPHYSICS** BREAKS/ managerial Prisoners - removed from public; DISCONTINUITIES Voices & Drivers that SPACE/PLACE are they a community? biopolitical ideas work at specific temporal (made through their Community & migration Time & truth & knowledge scales to create a Community - a positive very exclusion!) community (to tesco or Distance/Depth - how can we talk connotation: is it always so? The value of becoming self-conscious/self reflexive Materiality Material Places and Things and Genealogy not to tesco ...? about time without space? - how does it feed into political activities & practice? Bodies - how do they mediate time? communication in time Control & regulation of time What happened to Darydas? MATERIALITY Mediating time/representing time Use/abuse of Scale-objects & time as power Graffiti - why does it mark time? Particularities of No community in the present The temporalities of academic life /HE Time as an time: macro/micro communities expression Mayan Calendar 2012 based on identity &interests community community Impact of temporality on method - does community exist in movement? Time as a resource Reflexivity &reflecting when studying -political time: temporal boundaries between Past experiences could & Time as a means to Prediction THE PRESENT -natural community &researcher **METHODS** should be used to create distance & inform/transform current hierarchy How is future time Community as a Project - A process, and future approaches To what extent How research in time affects the writing nostalgia with utopia constructed and controlled? **FUTURES** Are there key shared resources on time does the researcher choice of appropriate methods **AGENCY** &belonging? If so, how do we stop these impose time on analyses Causal relations between exerting their own form of coercion? of community? The ethics of community intervention PAST <-> PRESENT <-> FUTURE Ethical approval as What does academic discourse Imagined Futures COUNTERSTORIES obstacle to research enable/constrain Examples/theory Counter-stories with the vulnerable (ACADEMIC DREAMTIME)
